BRAND GUIDELINES · V1.0 · OCTOBER 2026

## Built by hand. Presented with care.

How the Conlon Interiors identity works across the website, social media, print and the showroom. Keep to these and everything we put out looks like it came from the same workshop.

01

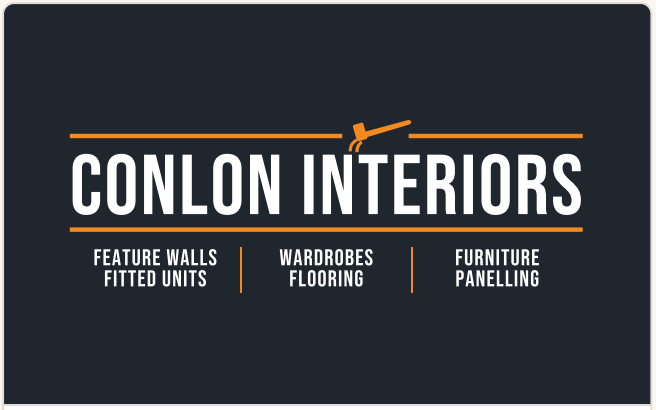

# The idea

Conlon Interiors is a carpentry business first. The identity keeps the honesty of the original signage (bold condensed capitals, the orange rule, the hammer) and dresses it in premium interiors cues: charcoal, oak, linen, a serif for headlines and plenty of space. Confident, warm, never flashy.

02

# Logo system

Four formats cover every use. Always use the supplied SVG or PNG files from `assets/brand/`; never retype the wordmark.

**Primary lockup**
Signage, shop front, van, print covers.
`logo-primary-dark.svg` · `logo-primary-light.svg`

**Wordmark**
Website footer, documents, social posts.
`logo-wordmark-charcoal.svg` · `logo-wordmark-white.svg`

**Horizontal**
Website header, email signature, invoices.
`logo-horizontal-charcoal.svg` · `logo-horizontal-white.svg`

**Monogram**
Profile pictures, favicon, app icon, stamps.
`mark-monogram-dark.svg` · `mark-monogram-light.svg` · `mark-monogram-orange.svg`

**Mono**
Engraving, embroidery, single-colour print.
`logo-mono-black.svg · logo-mono-white.svg`

**Oak accent (premium alt)**
Brochures, gift cards, bespoke quotations.
`logo-wordmark-oak.svg`

## DO Clear space & minimum size

- Keep clear space around the logo equal to the height of the capital “C”.
- Minimum width: 120 px on screen, 30 mm in print for the wordmark; 24 px / 8 mm for the monogram.
- Use the white version on photos and dark backgrounds, charcoal on light.

## DON’T Alter the mark

- Don’t stretch, rotate, outline or add shadows.
- Don’t recolour the bars anything other than ember orange, oak or the mono colour.
- Don’t place the charcoal logo on busy photos without a solid panel behind it.
- Don’t rebuild the service list columns with other words.

03

# Colour

Charcoal and paper carry the brand; ember orange is the accent and should never exceed about 10% of any layout. Oak is the “premium” warm neutral for borders, rules and quiet highlights.

**Charcoal**
#1F262E · RGB 31 38 46
Primary. Backgrounds, text, buttons.

**Ink**
#14181D
Body text, hover states.

**Ember**
#F28A1F · RGB 242 138 31
Accent, humm callouts, CTAs. Use sparingly.

**Oak**
#C9A97A
Warm highlight, rules, italics in headlines.

**Linen**
#F4EFE7
Alternate section background.

**Paper**
#FAF7F2
Page background.

**Steel**
#4A545F
Secondary text.

**Line**
#E3DDD3
Borders and dividers.

| USE | COMBINATION |
| --- | --- |

| | |
|---|---|
| Hero / dark sections | Charcoal background, white text, oak eyebrow, ember button |
| Standard sections | Paper background, ink text, ember eyebrow, charcoal button |
| humm finance | Ember tag on white, warning text on #FFF8F0 with ember left rule |
| Print (van, signage) | Charcoal field, white wordmark, ember bars, exactly like the original sign |

04

## Typography

**Bebas Neue**

Brand voice · eyebrows, labels, logo

FEATURE WALLS · FITTED UNITS · WARDROBES

**Cormorant Garamond**

Display · headlines, prices on product pages

Rooms built *around you*, by hand.

**Inter**

Body · paragraphs, UI, forms

Qualified carpenters making media walls, fitted wardrobes and panelling to the millimetre, with a showroom of flooring, doors and furniture to finish the room.

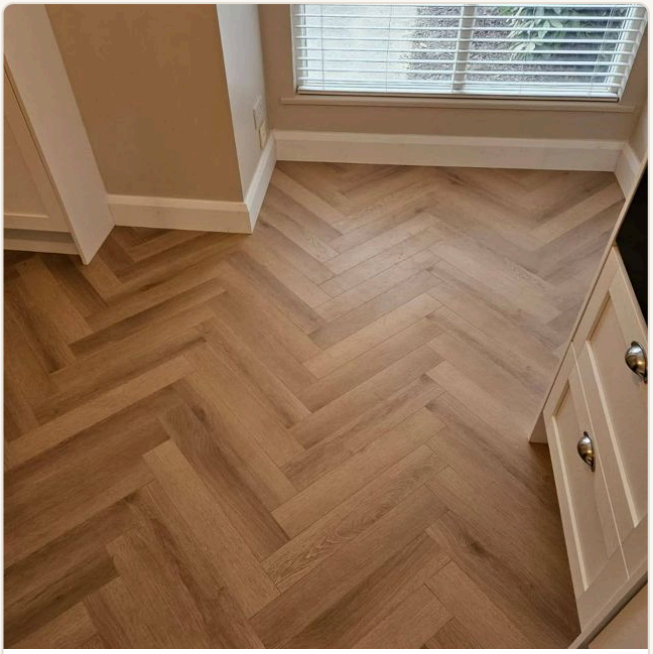

All three are free Google Fonts. Fallbacks: Oswald or Impact for Bebas Neue; Georgia for Cormorant; Arial for Inter. Headlines in sentence case, eyebrows in capitals with wide tracking, never all-caps body text.

05

# Photography

**Finished rooms, straight on**
Shoot the piece square-on from the middle of the room, lights on, fire on, TV off or on a calm screen.

**Material close-ups**
Flooring, panelling and door details in natural daylight. Let the grain do the talking.

**Inside the build**
Open wardrobe interiors, workshop shots,

hands on tools. Shows the carpentry, not just the finish.

Avoid heavy filters, clutter and phone screenshots. Tidy the room, square the camera, and crop to 1:1 for the grid and 4:5 for feature posts.

06

# Tone of voice

Plain, confident, a bit of Kildare warmth. We talk like a tradesperson who knows the job, not like a furniture chain. Short sentences. Real numbers. No “luxury lifestyle” fluff.

SAY THIS

“Media wall measured Monday, drawn Tuesday, fitted three weeks later. One fixed price, nothing added.”

NOT THIS

“Elevate your living space with our luxurious bespoke entertainment solutions, tailored to your unique lifestyle.”

SAY THIS

“Spread the cost with humm. €1,499 sofa, from €124.92 a month over 12 months, 0% interest.”

NOT THIS

“Flexible finance solutions available, T&Cs apply.”

| ALWAYS | NEVER |
| --- | --- |
| Name the town (Newbridge, Kildare) | “Nationwide leaders in…” |
| Give a from-price or a monthly figure | “Prices on request” with nothing else |
| Show the humm warning text with any finance claim | Finance claims without the regulatory line |
| Sign off with a phone number and the showroom hours | “DM for info” |

07

# humm co-branding

Every finance mention carries three things: the humm tag, an illustrative or live monthly figure, and the Central Bank warning. Use the ember tag styled as on the website (orange pill, charcoal text, lowercase “humm”). Download official humm assets from the humm merchant knowledge base once the account is live and prefer those on printed material.

**humm** Spread the cost from €80 up to €30,000.

> Warning: if you do not meet the repayments on your loan, your account will go into arrears. This may affect your credit rating, which may limit your ability to access credit in the future.

Flexifi Europe Limited, trading as humm, is regulated by the Central Bank of Ireland.
